

The Provincial Health authorities plan to allow usage of full capacity of venues starting September 7, 2021. However, our top priority is the safety of you, our audience. We have therefore decided that for the first two concerts of the season, **we will only sell 50% of the theatre's capacity.** That means that **there will be empty spaces on both sides of your party.**

**Here is the selling process for our 2021-2022 season:**

- We will sell individual tickets for the September 21 and November 21 concerts.  
**Subscribers from previous seasons have first priority to purchase tickets at the subscription price (see table below) even if you don't attend any further concerts this season.** Please contact us **before September 1**, after this date remaining tickets for the first two concerts will be sold to the general public.
- After November 21** you will be able to purchase tickets for the remaining concerts of the season before they become available for sale to the general public on December 15.

**If you are a new subscriber, you would need to purchase tickets to a minimum of three concerts to qualify for this special price.** For example, if you bought a ticket for one of the fall concerts, you need to buy tickets for two spring concerts.

**THE TABLE BELOW SHOWS SUBSCRIPTION PRICES** (a 25% discount over single tickets)

**For the first two concerts there are only two price categories: A and B**

**Please circle your desired section and list the number of tickets you wish to buy**
